FEATURES

djay + Spotify vjay serato DJ INTRO TRAKTOR PRO 2 VIRTUAL DJ USB MIDI

1 Functionality and Performance

The DDJ-WeGO3 features a highly futuristic cosmetic design utilizing a brushed aluminum finish throughout the entire control panel. A flat profile and compact size makes the DDJ-WeGO3 very portable. An easy to use button and knob layout around the JOG wheels allow for quick access to their functions.

• **DJ Software –** The DDJ-WeGO3 supports multiple DJ software3 for increased versatility.
  - Virtual DJ Limited Edition (Free download, license included)
  - djay for Mac (Free download, license included)
  - Serato DJ Intro (Free download, no license required)
  - TRAKTOR PRO 2 (Available for purchase)
  - djay2 for iPad and iPhone (Available for purchase on the App Store)
  - vjay for iPad and iPhone (Available for purchase on the App Store)

• **iPad® and iPhone® Charging –** When connected to a computer, the DDJ-WeGO3 uses power from the USB connections, eliminating the need for an external power supply. If using a connected iPad® or iPhone® as a source, the DDJ-WeGO3 is powered by the included AC adapter that will also charge the device, ensuring battery power never runs out while in use.

• **Multi-Purpose Slot -** The controller features a convenient slot to accommodate an iPad® or iPhone®, making it easy to see and access displays for choosing songs.

2 Various Visual and Audio Features

• **Jog FX** – Allows users to combine multiple effects and control them simultaneously using the JOG wheel.

• **Pulse Control** – Provides users with visual prompts with a red and blue LED illumination around the JOG platters:

  - **Launch Pulse** – Triggers a red light on the Jog wheel to signify that music has been loaded successfully.

  - **FX Pulse** – The effect being applied to the currently playing song will be heard and represented visually via the light movements on the Jog wheel.

  - **Beat Pulse** – The LED lights on the JOG wheel illuminate in different sizes to match the beat and volume intensity.

3 Other Features

  • Built-in audio ports for high quality sound output.
  • Built-in sound card.
  • Compact (14.96" x 9.45" x 2.32") and weighs less than four pounds for easy transportation.
  • DJC-WeCAi30 (sold separately) available for connecting compatible iPads® and iPhones® with 30-pin dock connector.
