COSM

Record Your Guitar & Vocals with Incredible Tones

V-Studio

5 easy steps to recording guitar and vocals

Connect a guitar or mic to the VS-20 hardware

Dial up the perfect guitar or vocal tone using genuine BOSS effects

Choose your backing tracks, hit record, and then play your parts

Use the VS-20 as a control surface for mixing and playback

Master your song and then burn a CD or make an MP3

Guitarists have only dreamed about it until now — BOSS guitar effects and Roland's breakthrough COSM modeling built right into powerful hardware and recording software. That's the V-STUDIO 20. The V-STUDIO 20 matches the simplicity of a portable, hardware recording system with the power, flexibility, and control of modern computer-based recording. Whether you're at home or on the road, you can easily connect a guitar or mic to the VS-20 hardware and dial up genuine BOSS sounds. Once you're ready, record directly to your computer for further editing and mixing using Cakewalk Guitar Tracks recording software. Don't settle for imitations — Roland, Cakewalk, and BOSS are names you can trust to deliver the best recording solutions for today's musicians.
